Author Simon Wood starts out at a fast pace in "Accidents Waiting to Happen", a thriller that misses being really good. The action is fast, and although the hard-to-buy reasons behind the accidents set out in the novel might be overlooked as par for the course for this genre, Josh is not sympathetic enough for readers to spend much time fretting about.

You don't need to read this book, but you'll want to... Any successful businessperson today knows you have to drive positive results to be competitive in your marketplace. You've got to continually look for ways to cut costs, improve staff efficiency, and drive higher sales. Some of you need money to purchase new capital equipment or repair your current equipment to stay competitive. This book is filled with insights and strategies that are designed to help you do the following: Increase profitability Lower operating costs Reduce business risk that you may be totally unaware of Make you more competitive in your marketplace This book will show you how to lower the human and financial costs of your workers' compensation program which is a huge cost driver to your profitability. Specifically, it will review the policies and procedures you should have in place to accomplish the goals listed above. The book will also share with you some tools used by companies today to streamline big ticket areas, including training and claims management. Who should read this book? This book is designed for CEOs, CFOs, COOs,

Read PDF Accidents Waiting To Happen Best Practices In Workers Comp Administration And Protecting Corporate Profitability

Risk Managers, HR directors, Administrators, Safety Directors and Claim Coordinators. It offers a comprehensive "holistic approach" to an integrated system to all levels of company management. Some material will speak the language C-Suite executives relate to, but there will also be material that will need to be communicated and carried out throughout your company. Here is what this book will help you achieve. You will take away a clear understanding of how to administer a successful workers' compensation program in your business. The book is broken down into easy manageable steps, which are all part of a system called the "PX4" process. Here is the good news. The "PX4" process works! Your company will experience fewer claims and those claims will cost you less, on average. Following the "PX4" process outlined in this book will drive better results for your company and make you more competitive in your marketplace. Ask yourself this question. What if you changed some business practices within your company which had the effect of adding millions of dollars to your topline sales results, put you in control and increased your profitability, would you be interested in knowing how companies are accomplishing that? If yes, read on. The ideas revealed in Accidents Waiting to Happen provide user-friendly, turnkey, and proven strategies that will put you in control in the administration of a results-focused, successful workers' compensation program, whatever your industry. "The concepts presented in this book are "spot on" for companies looking to become "Best in Class." If you truly want to become more competitive in your marketplace, it is important to understand from an insurance company perspective, employers considered "Best in Class" typically receive better pricing at renewal time." " Eleanor Powell-Yoder, President, Michigan Commercial Insurance Mutual" "It is extremely important to pick partners who can truly help your company. In that regard, we are glad to have worked with Rick. I was amazed that in just eight short months, he dramatically lowered the number and severity of workers' compensation claims we typically had through the years, improving our profitability and lowering your operating costs. With his leadership, we effectively added over \$13 million to our financial statement. I highly recommend you read his book." " Jim Ginis, President, Southeast Modular Manufacturing"

Change! The word evokes feelings of trepidation and fear in the hearts of many. And the reason isn't far-fetched: change always alters and upends everything in its path. While everyone knows that change changes things, many don't know that change itself is governed by just a few unchanging principles. This book takes the mystery--and the fear and trepidation--out of change by unveiling those principles. Crucially also, this book explains the practice of change--revealing the small subset of actions leaders have to take to successfully implement change. Implementing change is where the proverbial rubber meets the road; it's the part of the change process that gives us the most jitters because of the plethora of unexpected events--crises, failures, loss of critical assets, etc.--that often pop up. This book includes a section that is novel in concept: one that links crises and other unexpected events--the

Read PDF Accidents Waiting To Happen Best Practices In Workers Comp Administration And Protecting Corporate Profitability

pitfalls and progeny of change--to change itself. By showing leaders how to manage these unexpected events, this book addresses the fear that often prevents people from changing. If you want to make the transition from being always at the mercy of change to being in the driver's seat of change, this book is for you!

Learning English idioms can be difficult for ESL speakers. This book will help simplify some of the common words and expressions native English speakers use. Use it as a reference, or read it as a learning exercise, and you will improve your English in no time at all!

Josh Michaels doesn't know it, but he's worth more dead than alive. A firm has bought his life insurance policy and they want to collect on it--even if that means killing Josh.

Offers entries for over six thousand idioms, including seven hundred new to this edition, and provides background information, additional cross-references, and national variants.

What is it to 'cock a snook', where is the land of Nod, and who was first to go the extra mile? Find the answers to these questions (and many more!) in the new edition of the Oxford Dictionary of Idioms. This dictionary uncovers the meanings of myriad phrases and sayings that are used daily in the English language, encompassing more than 10,000 figurative expressions, similes, sayings, and proverbs. More than 400 idioms have been added to this new edition, and comprise recently coined and common sayings alike. New additions include 'back of the net', 'drag and drop', 'go it alone', 'how come?', 'if you ask me', 'make your skin crawl', and 'woe betide'. Illustrative quotations sourced from the Oxford corpora give contextual examples of the idioms and their standard usage, and many entries include background information on the origins of the idiom in question. An updated thematic index makes for easy navigation, and anyone who is interested in the origins and diversity of English vernacular will have hours of fun browsing this fascinating dictionary.

New Scientist magazine was launched in 1956 "for all those men and women who are interested in scientific discovery, and in its industrial, commercial and social consequences". The brand's mission is no different today - for its consumers, New Scientist reports, explores and interprets the results of
