Comics Book Review: Che Guevara: A Manga Biography by Chie ...

Che Guevara, byname of Ernesto Guevara de la Serna, (born June 14, 1928, Rosario, Argentina—died October 9, 1967, La Higuera, Bolivia), theoretician and tactician of guerrilla warfare, prominent communist figure in the Cuban Revolution (1956–59), and guerrilla leader in South America. After his execution by the Bolivian army, he was regarded as a martyred hero by generations of leftists worldwide, and his image became an icon of leftist radicalism and anti-imperialism.

Books similar to Che Guevara: A Manga Biography

Using the graphic novel as a medium for historical biography is nothing new, and given that I think teens would be some of the most likely to be interested in Che Guevara, this might be a good start for them to learn about him. The artwork is very typical of Manga, however I did find the artist's collages and larger panels to be really well done.

'I AM AN ARGENTINEAN, CUBAN, AND ALSO BOLIVIAN. I BELONG NOWHERE, BUT EVERYWHERE.' - CHE GUEVARA His name is equated with rebellion, revolution, and socialism. More than forty years after his death, Che Guevara's life continues to captivate our imagination. From his childhood in Argentina and his wish to become a doctor to his encounter with Fidel Castro in 1954 and participation in the Cuban revolution, this is the extraordinary life story of a man who changed history. Told through vivid manga, this biography offers a new look at one of the world's most memorable figures.

An extraordinary illustrated graphic novel about the legendary political figure Che Guevara. His name is equated with rebellion, revolution, and socialism. His face is on tee-shirts all over the world. Che Guevara's life has been explored and portrayed in numerous books and films, including The Motorcycle Diaries, and he continues to captivate the public imagination more than forty years after his death. Guevara became politically active in his native Argentina, but gained notoriety after he met Fidel Castro and became instrumental in Castro's efforts in Cuba. Guevara then went on to Bolivia, where he was captured and killed by the Bolivian army while trying to incite revolution. This illustrated biography tells the riveting story of Che's life and death through the popular Japanese art form manga.

The classic graphic biography of Che Guevara—the most iconic revolutionary of the twentieth century This dramatic and extensively researched book breathes new life into the story of Ernesto “Che” Guevara. It portrays his revolutionary struggle through the appropriate medium of the underground political comic—one of the most prominent countercultural art forms since the 1960s. Spain Rodriguez’s powerful artwork illuminates Che’s life and the experiences that shaped him: his motorcycle journey through Latin America, his rise to prominence as a leader in Fidel Castro’s revolutionary movement, his travels in Africa, the desperate mission in Bolivia that led to his death, and his extraordinary legacy.

A new way of getting to know one of the world's most beloved spiritual leaders. Featuring a charmingly illustrated format that will appeal to readers of all ages, this unique biography is an ideal introduction to the leader of the Tibetan government-in-exile. Born in 1935 to a peasant family in a small village, Tenzin Gyatso was recognized at the age of two as the reincarnation of his predecessor, the Thirteenth Dalai Lama. In 1950, His Holiness assumed full political power when China invade Tibet—a tragedy that forever changed him and shaped his efforts on behalf of world peace, for which he was award the Nobel Peace Prize. This graphic novel is an appealing and approachable depiction of the life and personality of an iconic figure.

The first-ever edition of Che Guevara's letters, the vast majority never-before published in English in any form. Ernesto Che Guevara was a voyager—and thus a letter writer—for his entire adult life. The letters collected in I Embrace You with All My Revolutionary Fervor: Letters 1947–1967 range from letters home during his Motorcycle Diaries trip, to the long letter to Fidel after the success of the Cuban revolution in early 1959 (from which the book's title comes), from the most personal to the intensely political, revealing someone who not only thought deeply about everything he encountered, but for whom the process of social transformation was a constant companion from his youth until shortly before his death. His letters give us Che the son, the friend, the lover, the guerrilla fighter, the political leader, the philosopher, the poet. Che in these letters is often playful, funny, sometimes

sarcastic, and deeply affectionate. His life was short, and these twenty years, from when he was 19 until days before his death, show it was also incredibly rich and full. As his daughter Aleida Guevara, also a doctor like her father, writes, "When you write a speech, you pay attention to the language, the punctuation and so on. But in a letter to a friend or a member of your family, you don't worry about those things. It is you speaking, in your authentic voice. That's what I like about these letters; they show who Che really was and how he thought. This is the true political testimony of my father."

Che Guevara still inspires resistance against capitalism throughout the globe. His image has become an iconic international symbol of the struggle against economic exploitation. Guevara was a physician, a key revolutionary figure within Fidel Castro's 26th of July Movement, and an international guerilla leader and theorist. His memoirs became international bestsellers. Guevara was eventually captured and executed by CIA-backed Bolivian forces. This illustrated biography begins with his capture in October 1967, tracing the power of his legacy through his engagements with central figures of that tumultuous period. "I am not a liberator. Liberators do not exist. The people liberate themselves." - Ernesto "Che" Guevara

"I had prepared a life plan that included ten years of wandering, later years studying medicine. . . . All that's in the past, the only thing that's clear is that the ten years of wandering might grow longer . . . but it will now be of an entirely different type from the one I dreamed of, and when I arrive in a new country it will not be to go to museums and look at ruins, because that still interests me, but also to join the struggle of the people." - Che Guevara, in a letter to his mother, 1956 Assembled from two separate books written by Che's father, this is a vivid and intimate account of the formative years of an icon. Ernesto Guevara Lynch describes the people and personal events that shaped the development of his son's revolutionary worldview, from his childhood in a bourgeois Argentinian home to the moment he joined Castro to train for the invasion of Cuba in 1956. It also includes, available for the first time in the United States, Che's diary of his trip around Northern Argentina in 1950. Young Che is an indispensable guide to understanding one of the twentieth century's most famous and enduring revolutionary figures.

Published in 1969, this Argentine graphic biography about Ernesto Che Guevara was an instant bestseller, banned by a military dictatorship, and almost lost -- and it has never been available in English. Until now.

By the time he was killed in the jungles of Bolivia, where his body was displayed like a deposed Christ, Ernesto "Che" Guevara had become a synonym for revolution everywhere from Cuba to the barricades of Paris. This extraordinary biography peels aside the veil of the Guevara legend to reveal the charismatic, restless man behind it. Drawing on archival materials from three continents and on interviews with Guevara's family and associates, Castaneda follows Che from his childhood in the Argentine middle class through the years of pilgrimage that turned him into a committed revolutionary. He examines Guevara's complex relationship with Fidel Castro, and analyzes the flaws of character that compelled him to leave Cuba and expend his energies, and ultimately his life, in quixotic adventures in the Congo and Bolivia. A masterpiece of scholarship, *Companero* is the definitive portrait of a figure who continues to fascinate and inspire the world over.
