Everyday street signs act as deadpan captions for the slapstick happenings in this ingenious picture book that is hilariously told in street signs. Go! The sign says: "Put litter in its place." But someone isn't paying attention. He drops a banana peel on the ground—and a series of comical slips, spills, and falls are set hilariously into motion. First the grocer, then the painter, next the bicycle messenger, and then—oh, no—not the baby in the carriage! An entire town turned upside down, all by a banana peel! Caldecott Medalist David Small and award-winning author Jennifer Armstrong have created a roller-coaster ride of a picture book told in rhyming street signs that will tickle and delight readers from beginning to end, over and over again.

Two orphaned sisters are sent to live at a boarding home run by the cruel and greedy Mrs. Monday, where they dream about someday having enough to eat and being able to experience a real Christmas.

A new picture book about the iconic artist Claude Monet, from the Caldecott-Award winning team that created *The Noisy Paint Box*. Claude Monet is one of the world's most beloved artists--and he became famous during his own lifetime. He rejected a traditional life laid out clean and smooth before him. Instead he chose a life of art. But not just any art: a new way of seeing that came to be called impressionism.

Monet loved to paint what he saw around him, particularly the Seine River. He was initially rejected for using bright colors, tangled brushstrokes--condemned for his impressions. But soon art dealers and collectors were lining up each morning to see as Monet saw. Monet, however, waited only for the light. The changing light...each morning he had a dozen canvases on hand to paint a dozen different moments. His brush moved back and forth, chasing sunlight--putting in the arduous work to create an image that seemed to contain no effort at all. The stellar team that brought you the Caldecott Honor book *The Noisy Paint Box* explores another influential painter, in a moving tribute to creativity, commitment, and new ways of seeing the world around you.

Four score and seven years ago... So begins one of the most important speeches in the history of the United States -- Abraham Lincoln's Gettysburg Address. Given on a cold November day, it wasn't much of a speech, really -- just a few remarks. Not meant to be remembered. But these few remarks have been remembered. Why? What was the true meaning behind them? Where did they come from? Why is it so important that we never forget what President Lincoln said on that cold November day?

While playing in the river, two cousins discover a live mussel and decide to keep it as a pet.
