Robin Chambers! Gifts from the Gods is a children's fantasy reminiscent of Lord of the Rings (without the grandeur, perhaps) with echoes of Harry Potter thrown in for good measure, but with an over-arching landscape set firmly in ancient Celtic myths.

'Myrddin's Heir' is a series of books written for bright children from 10-110 years old. A number of children have been born with special powers and presented with a mission: to make the world a better place. One of them - Gordon Bennett - is destined to become Myrddin's (Merlin's) Heir... It is a LONG story, needing many books to tell. It will challenge my younger readers especially. References to the notes at the back are indicated at the end of each chapter. Three pieces of sound advice permeate each volume: love learning, respect difference and protect the planet. The story makes me laugh a lot, but in places it also makes me cry.

SFreedom is all that matters. So says spy and master of disguise Marcus ap Iorwerth of his greatest dream. For years, he has courageously struggled to unite Britain 's feuding internal factions and derail the ever-encroaching Saxon threat that has made his homeland a deadly place. So when a mysterious stranger delivers a gruesome, bloodstained effigy fashioned to look like him, Marcus immediately knows it 's both a warning and a challenge. He and his wife Claeuwen ãl whose gift of second sight makes her a target as well ãl run headlong into the daunting fray. Rival factions are instigating war both among themselves and with the Saxons, and while Marcus sets out to quash their treachery, Claeuwen discovers another crisis. Those same factions have mounted a desperate search for one of Britain 's most cherished symbols ãl a magnificent sword of the ancient high kings that has been lost for decades. She knows the sword must be found; it is part of Britain 's future and will pass to a great king called Arthur who has been prophesied to come. With battle about to erupt ãl around, Marcus learns the stranger, an assassin bent on killing him, may be one of the last sources that could lead him and Claeuwen to the sacred sword. The Anvil Stone brings the volatile tribal nature of Dark Age Britain to life and deftly interweaves it with its mystical Celtic roots and the promise of hope found in the Arthurian legend. A stunning display of the storyteller 's craft, this book is the third in the spectacular four-part Macsen 's Treasure series that began with Into the Path of Gods and In the Shadow of Dragons.

Sweeter than strawberry, darker than blackberry, better than please. Son of the Wood God, son of a mortal woman, Myrddin has lived a carefree life for sixty years. Now, with his mother dead, the wilderness that has sustained him is an overflowing well of powers he can no longer control. Sent by his father to seek someone who can help him, the one Myrddin finds is a nameless stranger, whom he calls Kas. Kas, so named, is still what his nature demands he be. He is Death's essence and its king...its master, and its open gate. Since the first death that came into this world, he has been alone, essential and solitary;until Myrddin. For his sake, Kas aids in building the Rite of Spring, and in the process learns love...and loneliness. Between life and death, want and need, there is just enough space for a new beginning. The question is how it continues;and whether it ends.

Caught between her beloved father, the Merlin of Britain, and Arthur Pendragon, the old ways and the new, Wren must find a way to balance the forces of Chaos with peace. She nurtures the land and the people, creating a haven for anyone displaced by the turbulence. And for the safety of all she must guard her heart against the deep love she shares with Arthur, a married king who holds the future of all the Britons in his hands with his sword.

Chronologically arranged entries on more than 30 writers from the Middle Ages to the present trace the pervasive influence of Arthurian legend on world literature.

Imagine the forest. As darkness falls, the somber beeches disappear in misty twilight and shadows seem to gather under their branches. Far away, the blackbird's call tells of the coming of the night. The birds cease their singing, silence descends, soon the beasts of the night will make their appearance. Between tangled roots, hidden by nettles and brambles, the earth seems to ripple. A few humps of earth seem to emerge from the ground. They are the last traces of burial mounds, of mounds, which were tall and high 2500 years ago. Many of them have disappeared, hidden by tangled roots of beech and oak, ploughed flat by careless farmers, others again show caved-in tops where grave robbers have looted the central chamber. The locals shun these hills. There are tales that strange fires can be seen glowing on the mounds, and that on spooky nights, great armed warriors arise from their resting places. Then the doors to the deep are thrown open and unwary travelers have to beware of being invited into the halls of the dead and unborn. Here the kings of the deep feast and celebrate, time passes differently and strange treasures may be found. Who knows the nights when the gates are open? Who carries the primrose, the wish-flower, the strange blossom that opens the doors to the hollow hills?

In the war-torn fifth century, after the end of Roman rule and before King Arthur's rise to power, blunt-talking spy and master of disguise Marcus ap Iorwerth works for a clandestine alliance of British nobles set to depose the inept and hated high king. His efforts lead him to Claeuwen, an ethereal woman with "fire in the head"--the gift of visions--and to whom he is inescapably drawn. He quickly realizes she has unwittingly become ensnared in a lethal conspiracy involving a broken marriage contract, a buildup of foreign mercenaries and a brutal warrior called the Iron Hawk who leaves atrocities and scorched earth in his wake. All appear connected to a hunt for an unnamed treasure supposedly in Claeuwen's possession. She knows nothing of this treasure and though Marcus struggles to protect her, he is betrayed and disappears. Alone and homeless, Claeuwen must decide whether to believe what everyone tells her, that Marcus is dead and she should go into hiding. But when a vision shows her the dreaded Iron Hawk in pursuit of Marcus, she is also challenged to journey into the path of gods ãl to trust the destiny laid out before her. Defying all common sense, she embarks alone on a daunting journey to find him before the warrior does. Has she truly understood the vision 's message? Or will each die alone, lost and forgotten at the edge of the Iron Hawk 's sword? And will the alliance survive without Marcus ãl perhaps dooming Britain 's future as well?Into the Path of Gods blends Dark Age Britain 's history with its Celtic roots and Arthurian legend. The story introduces the spectacular four-part Macsen 's Treasure Series set in the fifth century. Other books in the multi-award winning series include In the Shadow of Dragons, The Anvil Stone and A Land Beyond Ravens.
