## Hot Flat And Crowded Why

Hot, Flat, and Crowded: Why We Need a Green Revolution—And How It Can Renew America is a book by New York Times Foreign Affairs columnist Thomas Friedman, proposing that the solutions to global warming and the best method to regain the United States' economic and political stature in the world are to embrace the clean energy and green technology industries. The title derives from the convergence of Hot, Flat and Crowded. The book was released on September 8, 2008, by Farrar, Straus and ...

convergence--that perfect storm--is driving a lot of negative trends. America's problem is that we've lost our way--we've lost our groove as a country.

---

Hot, Flat, and Crowded: Why We Need a Green Revolution ...

With all that in mind, Friedman sets out the clean-technology breakthroughs we, and the world, will need; he shows that the ET (Energy Technology) revolution will be both transformative and disruptive; and he explains why America must lead this revolution—with the first Green President and a Green New Deal, spurred by the Greenest Generation. Hot, Flat, and Crowded is classic Thomas L. Friedman—fearless, incisive, forward-looking, and rich in surprising common sense about the world we ...
