Introduction to Business covers the scope and sequence of most introductory business courses. The book provides detailed explanations in the context of core themes such as customer satisfaction, ethics, entrepreneurship, global business, and managing change. Introduction to Business includes hundreds of current business examples from a range of industries and geographic locations, which feature a variety of individuals. The outcome is a balanced approach to the theory and application of business concepts, with attention to the knowledge and skills necessary for student success in this course and beyond.

Co-published with UNESCO A product of the UNESCO-IHP project on Water and Cultural Diversity, this book represents an effort to examine the complex role water plays as a force in sustaining, maintaining, and threatening the viability of culturally diverse peoples. It is argued that water is a fundamental human need, a human right, and a core sustaining element in biodiversity and cultural diversity. The core concepts utilized in this book draw upon a larger trend in sustainability science, a recognition of the synergism and analytical potential in utilizing a coupled biological and social systems analysis, as the functioning viability of nature is both sustained and threatened by humans.

A revised new edition of the bestselling toolkit for creating, building, and maintaining a strong brand From research and analysis through brand strategy, design development through application design, and identity standards through launch and governance, Designing Brand Identity, Fourth Edition offers brand managers, marketers, and designers a proven, universal five-phase process for creating and implementing effective brand identity. Features more than 30 all-new case studies showing best practices and world-class Updated to include more than 35 percent new material Offers a proven, universal five-phase process and methodology for creating and implementing effective brand identity

The Magna Carta, Latin for "Great Charter" (literally "Great Paper"), also known as 'Magna Carta Libertatum, is an English 1215 charter which limited the power of English Monarchs, specifically King John, from absolute rule. The Magna Carta was the result of disagreements between the Pope and King John and his barons over the rights of the king: Magna Carta required the king to accept that the will of the king could be bound by law. The Code of Hammurabi was a Mesopotamian legal code that laid a foundation for later Hebraic and European law. The Magna Carta is widely considered to be the first step in a long historical process leading to the rule of constitutional law and is one of the most famous documents in the world. Originally issued by King John of England (r.1199-1216) as a practical solution to the political crisis he faced in 1215, Magna Carta established for the first time the principle that everybody, including the king, was subject to the law. Although nearly a third of the text was deleted or substantially rewritten within ten years, and almost all the clauses have been repealed in modern times, Magna Carta remains a cornerstone of the British constitution. Most of the 63 clauses granted by King John dealt with specific grievances relating to his rule. However, buried within them were a number of fundamental values that both challenged the autocracy of the King and proved highly adaptable in future centuries. Most famously, the 39th clause gave all 'free men' the right to justice and a fair trial. Some of Magna Carta's core principles are echoed in the United States Bill of Rights (1791) and in many other constitutional documents around the world, as well as in the Universal Declaration of Human Rights (1948) and the European Convention on Human Rights (1950). This translation is considered to be the best and an excellent reference document for your library. This is book 10 in the series of 150 books entitled " The Trail to Liberty. " The following is a partial list (20 of 150) of books in this series on the development of constitutional law. 1. Laws of the town Eshnunna (ca. 1800 BC), the laws of King Lipit-Ishtar of Isin (ca. 1930 BC), and Old Babylonian copies (ca. 1900-1700 BC) of the Ur-Nammu law code 2. Code of Hammurabi (1760 BCE) - Early Mesopotamian legal code 3. Ancient Greek and Latin Library - Selected works on ancient history, customs and laws. 4. The Civil Law, tr. & ed. Samuel Parsons Scott (1932) - Includes the classics of ancient Roman law: the Law of the Twelve Tables (450 BCE) 5. "Constitution" of Medina (Dustur al-Madinah), Mohammed (622) 6. Polycraticus, John of Salisbury (1159), various translations - Argued that citizens have the right to depose and kill tyrannical rulers. 7. Constitutions of Clarendon (1164) - Established rights of laymen and the church in England. 8. Assize of Clarendon (1166) - Defined rights and duties of courts and people in criminal cases. 9. Assize of Arms (1181) - Defined rights and duties of people and militias. 10. Magna Carta (1215) - Established the principle that no one, not even the king or a lawmaker, is above the law. 11. Britton, (written 1290, printed 1520) 12. Confirmatio Cartarum (1297) - United Magna Carta to the common law 13. The Declaration of Arbroath (1320) - Scotland's declaration of independence from England. 14. The Prince, Niccolò Machiavelli (1513) - Practical advice on governance and statecraft 15. Utopia, Thomas More (1516) 16. Discourses on Livy, Niccolò Machiavelli (1517 tr. Henry Neville 1675) 17. Relecciones, Franciscus de Victoria (lect. 1532, first pub. 1557) - Provided the basis for the law of nations doctrine. 18. Discourse on Voluntary Servitude, Etienne de La Boétie (1548, tr.) 19. De Republica Anglorum, Thomas Smith (1565, 1583) - describes the constitution of England under Elizabeth I 20. Vindiciae Contra Tyrannos (Defense of Liberty Against Tyrants)

This book aims to establish the shared values of educators of healthcare professionals, showing that the fundamental work and values of healthcare educators are broadly similar, regardless of clinical specialty or profession.

Business Studies Today meets all the specifications of the National Criteria for Business Studies. This comprehensive introductory text contains material which is not only suitable for all the GCSE Business Studies syllabuses but will also be appropriate for use by students on BTEC and CPVE Business Studies course. The text contains comprehensive information, realistic case studies and structured tasks with the onus on encouraging student/pupil involvement through practical exercises that reinforce basic principles. The text is pitched at average ability students but will easily meet the needs of higher ability students/pupils.
