Embrace and revel in the stories of the toughest cyclists of all time, told by The Velominati, originators of The Rules. Read and get ready to ride . . . In cycling, suffering brings glory: a rider's value can be judged by their results, but also by their panache and heroism. Prepared to be awed and inspired by Chris Froome riding on at the Tour de France with a broken wrist or Geraint Thomas finishing it with a broken pelvis. In The Hardmen the writers behind cycling superblog Velominati.com and The Rules will tell the stories and illuminate the myths of not just the greatest cyclists ever, but the toughest. From Eddy Merckx to Beryl Burton, and from Marianne Vos to Edwig Van Hooydonk, the book will lay bare the secrets of their extraordinary and inspirational endurance in the face of pain, danger and disaster. After all, suffering is one of the joys of being a cyclist. Embrace climbs, relish the descents, and get ready to harden up. . .

No man nor no woman could eat it like Nolan. The way he twirled his tongue, and slurped, sucked and hummed... there was no people or devices that could do what he'd done. He was the highest paid male escort in the game, with the most talent, highest skill level, and the most seductive mentality. His only problem was... He's in love. The lady he wants is in the same profession, and she doesn't want to settle down anytime soon. A sizzling must-read page-turner from National Award Winning Bestselling and extremely decorated author David Weaver. Guaranteed to drop your jaws page by page! Read the sample and see for yourself.

"300 more mind-bending facts that are almost too amazing to believe"--Page 4 of cover.

What would you do on a day off from school? Go on an adventure, of course! Meet Charlie, an eight-year-old boy with a flare for using his imagination. Join him as he turns his snow day into a day filled with fun, excitement, and fantasy. Travel with Charlie to the Wild West, the Amazon jungle, and into outer space. Ride along for the thrills as he becomes a race car driver, a pirate, a cowboy, and even a superhero! With a little creativity (and a basement full of junk), there is no limit to where your imagination can take you!

If you can build websites with CSS and JavaScript, this book takes you to the next level—creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

Math 1 B

"...profoundly moving..." -Publishers Weekly Nelson Mandela’s two great-grandchildren ask their grandmother, Mandela’s youngest daughter, 15 questions about their grandad – the global icon of peace and forgiveness who spent 27 years in prison. They learn that he was a freedom fighter who put down his weapons for the sake of peace, and who then became the President of South Africa and a Nobel Peace Prize-winner, and realise that they can continue his legacy in the world today. Seen through a child’s perspective, and authored jointly by Nelson Mandela’s great-grandchildren and daughter, this amazing story is told as never before to celebrate what would have been Nelson's Mandela 100th birthday.

Karl Pilkington’s third book, follow-up to bestselling The World of Karl Pilkington and Happyslapped by a Jellyfish,is a voyage through some of the most curious facts and fictions about our world. Drawing on what little he learned during his days of education, Karl explores the world of knowledge through a school curriculum, with chapters devoted to biology, history, art, and English, among others, each topic approached with Karl’s inimitable combination of innocent wonder and down-to-earth wisdom. Full color throughout, the book is illustrated with Karl’s hand-drawn cartoons and comic strips and it features e-mail contributions from a host of celebrities and experts who Karl has quizzed to further his knowledge. Read Karl’s blog at <http://www.karlology.co.uk>
