Organon of Medicine, 8th Ed (Künzli-Naudé-Pendleton tr.) Posted by Christina Mueller, C.Hom, MM.Hom. Categories Organon Study, Date September 12, 2019. In the early 19th century, Samuel Hahnemann, a German medical doctor, discovered that he could profoundly stimulate healing by giving his patients very small amounts of carefully chosen substances. He used these successes to establish the discipline of homeopathy, and he set down its principles in this book, the Organon of Medicine.
