Finding your Kenmore model number on your dishwasher should not be very difficult to locate. The Kenmore brand is made by Whirlpool, LG and Frigidaire, however, the dishwashers are mainly made by the Whirlpool mother brand. Whirlpool has created an easy to follow graphic that shows you all the potential places your model number could be. When it comes to Kenmore dishwasher models, the model numbers can be found on the top of the door, the side of the door, on the door jam or inside the tub.

Manual - Kenmore 665.12783 Elite Dishwasher

Disconnect the power from the dishwasher and then use an Ohmmeter to check that the heater element has continuity. Scroll down the parts diagrams on the left side of the page to find the heater parts diagram to see the location of the heater element. If it tests OK you may have to check the wiring from the control board to the heater.
