The End Of The Party

"The End of the Party" is a fascinating, eminently readable insight and well documented analysis of the British political scene and events covering the period from the start of Tony Blair's second tenure as Prime Minister in 2001 through the time of his eventual handover to Gordon Brown and includes events up to late 2009.

The End of the Party: Amazon.co.uk: Rawnsley, Andrew...

"The End of the Party" is a short story by the English writer Graham Greene. It was first published in 1929, and has been reprinted many times in anthologies. It is viewed as a classical expression of the English tradition of horror fiction, as it elicits a well-founded and increasingly intense sense of impending doom without inserting any scenes of physical violence.

The End of the Party (short story) - Wikipedia

Weight: 619 g. Dimensions: 198 x 129 x 38 mm. Andrew Rawnsley's bestselling The End of the Party lifts the lid on the second half of New Labour's spell in office. Through riveting inside accounts of all the key events from 9/11 and the Iraq War to the financial crisis and the parliamentary expenses scandal, Rawnsley takes us through the triumphs and tribulations of New Labour.

Andrew Rawnsley's bestselling book lifts the lid on the second half of New Labour's spell in office, with riveting inside accounts of all the key events from 9/11 and the Iraq War to the financial crisis and the parliamentary expenses scandal, and entertaining portraits of the main players as Rawnsley takes us through the triumphs and tribulations of New Labour as well as the astonishing feuds and reconciliations between Tony Blair, Gordon Brown and Peter Mandelson. This paperback edition contains two revealing new chapters on the extraordinary events surrounding the 2010 General Election and its aftermath.

Peter and his fearful twin brother Francis attend a birthday party which ends in tragedy.

When a student dies at a party held at the start of the high school year, a group of students are convinced it was more than a mysterious suicide, and their investigation leads them into danger.

The Election of February 2011 will be remembered for the defeat and virtual annihilation of Fianna Fáil. Stripped of power in humiliating circumstances, the party was disgraced, possibly to the point of no return. The story of how this happened is a mixture of farce and tragedy. The collective leadership of the party lost touch with reality and watched, as though mesmerised, while Brian Cowen led them from one catastrophic mistake to another. He was aided in this by Brian Lenihan, Minister for Finance, whose mistakes were among the worst ever made by the holder of this crucial office. Fianna Fáil demolished itself in the eyes of the electorate due to its entanglement with property and banking scandals, inept decisions and gross mismanagement of the most profitable time ever enjoyed by the Irish people. Two journalists with inside knowledge of the events and extensive experience of politics over many years have joined their talents to write this gripping story.

1984 is George Orwell's terrifying vision of a totalitarian future in which everything and everyone is slave to a tyrannical regime lead by The Party. Winston Smith works for the Ministry of Truth in London, chief city of Airstrip One. Big Brother stares out from every poster, the Thought Police uncover every act of betrayal. When Winston finds love with Julia, he discovers that life does not have to be dull and deadening, and awakens to new possibilities. Despite the police helicopters that hover and circle overhead, Winston and Julia begin to question the Party, they are drawn towards conspiracy. Yet Big Brother will not tolerate dissent - even in the mind. For those with original thoughts they invented Room 101. ...

In The Party's Over: The End of the Welfare State Boom in Western Europe, Alfred C. Mierzejewski explores how the West European welfare state boom ended in the mid-1970's and shows how that is relevant and significant for workers and retirees today.

Elections ask voters to choose between political parties. But voters across the UK are increasingly being presented with fundamentally different, and largely disconnected, sets of political choices. This book is about this hollowing out of a genuinely British democratic politics: how and why it has occurred, and why it matters. Electoral choices across Britain became increasingly differentiated along national lines over much of the last half-century. In 2017, for the second general election in a row, four different parties came first in the UK's four nations. UK voters are increasingly faced with general election campaigns that are largely disconnected from each other. At the same time, voters acquire much of their information about the election from news-media based in London that display little understanding of these national distinctions. The UK continues to elect representatives to a single parliament. But the shared debates and sets of choices that tie a political community together are increasingly absent. Separate national political arenas and agendas still have to interact but in some respects the House of Commons increasingly resembles the European Parliament - whose members are democratically chosen but from a disconnected series of separate national electoral contests. This is deeply problematic for the long-term unity and integrity of the UK.

"Lisa Jewell's writing is like a big warm hug. After the Party is a touching, insightful, and gripping story which I simply couldn't put down." —Sophie Kinsella From the New York Times bestselling author of Then She Was Gone comes an irresistible novel about the power of starting over. Eleven years ago, Jem Catterick and Ralph McLeary fell deeply in love. They thought it would be forever, that they'd found their happy ending. As everyone agreed, they were the perfect couple. Then two became four, and an apartment became a house. Romantic nights out became sleepless nights in. And they soon found that life wasn't quite so simple anymore. But through it all, Jem and Ralph still loved each other. Of course they did. Now Jem is back at work part-time as a talent agent. Ralph, a successful painter, is strugging to come up with new, hopefully groundbreaking, work for his upcoming show. But the unimaginable has happened. Two people who were so right together are starting to drift apart. And in the chaos of family life, Jem feels like she's losing herself, while Ralph, stuck on the sidelines, feels like he's lost his muse altogether. Something has to change. As they try to find a way back to each other, back to what they once had, they both become momentarily distracted—but maybe it's not too late to recapture happily ever after. ...
